- Titford receives award for committed service to fellow Veterans.
- Hockeyville 2009 Harbour Grace

Titford Receives Commendation Award For Outstanding Service

In late December 2008, I had the privilege of attending a special awards ceremony recognizing Mr. William Titford of Spainard's Bay for providing outstanding service to his community, to the country and to his fellow Veterans.

Mr. Titford has served in many capacities to promote the concerns of fellow veterans. He is currently the Honorary Treasurer and Chair of the Command's Poppy and Remembrance Campaign. Other activities include his involvement in establishing the *Fly the Flag of Remembrance* ceremony and lobbying efforts for the Veteran's Memorial Highway.

For the past several years, Mr. Titford has volunteered as a Long Term Care Surveyor for the Department of Veterans Affairs and is also researching the history of more than 170 war memorial in the province.

I join all those in the Riding of Avalon in congratulating Mr. Titford for receiving this award and wish him continued success in his efforts to help fellow veterans and all those around him.

MP Scott at the awards ceremony with Mr. & Mrs. William Titford. Mr. Titford received the Minister of Veterans Affairs Commendation Award.

THE ANDREWS COMMUNITY UPDATE

“Harbour Grace and Hockeyville is a great match!” says Andrews.

Scott Andrews, MP for Avalon extends congratulations to the Harbour Grace Hockeyville Organizing Committee, and residents of Harbour Grace and surrounding areas, for their support and determination to bring Hockeyville 2009 to their community.

This is the fourth year for the Kraft Hockeyville contest. It is wonderful to see the effort, enthusiasm and friendly competitive spirit of Harbour Grace during the qualifying process for Kraft Hockeyville 2009. The combined efforts of all those involved are commendable and you are to be congratulated for your hard work and dedication to this very exciting initiative.

“Vote for the Home of Champions” was a perfect slogan to explain the underlying momentum in the race for Harbour Grace to be recognized as Hockeyville 2009. “Home of Champions” exemplifies the recent and historical connections of Harbour Grace and area to the game of hockey. Native and local champion Danny Cleary increased local enthusiasm when he made history by bringing the Stanley Cup to Newfoundland & Labrador in 2008. The long standing rivalry, between the local Cee Bees and other provincial senior teams, show cases many local champions during the many battles for the top prize of the Herder Memorial. Hockey moms and dads and all the participants in the local minor hockey programs are all champions for making the most of the hockey experience.

Congratulations to each of you for your efforts and best wishes for continued success in all your hockey challenges!
